0 of 0 review helpful Great set By Customer I have never heard of this encyclopedia set until I saw it in The price was great for a set of used library books I have already used them to write numerous research papers The Encyclopedia of Violence Peace and Conflict a three volume set written by more than 200 eminent contributors from around the world takes advantage of increasing worldwide awareness in the public private commercial and academic sectors about manifestations of violence in all segments of society While the contributors do not use these volumes to make specific arguments they do describe and clarify the developments in thought that have led to current th the Encyclopedia is a thoroughly impressive work well written well organized and well presented As a starting point for newcomers to the field as a useful aid to those already involved but seeking to broaden their range of knowledge as a useful guide
