A century ago Marxists predicted the social class would replace such primitive bases of political association as ethnicity and language. Yet at the beginning of a new millennium ethnic identity remains integral to politics in the modern world. Ethnicity is a resilient and virulent political force and its reach includes developing nations, totalitarian states, and peaceful democracies. Ethnic conflicts have occurred throughout the world. In Africa, conflicts involve From School Library Journal Grade 10 Up Signed essays explore the history and issues that were the root causes of 38 major ethnic conflicts, the attempts to manage them, and the impact they have had on the politics of the region in question.
