1 of 1 review helpful Like Chaucer Buy it By Felix Braendel Have just received this but like the Norton selection of Canterbury Tales that precedes it it glosses difficult words of Chaucer s English directly opposite each line Today s reader can thereby read this fine poem as a poem if slowly without the miserable distraction of looking up words in a glossary As in other Norton critical editions there s a sound As social turmoil increased in England audiences grew more in tune with Shakespeare s cynical undercutting of the Homeric tale of Greeks and Trojans and less dismissive of his dark comedic treatment of the Medieval tale of Troilus and Cressida This edition of his problematic play traces its theatrical history It draws upon critical responses photographic archives promptbooks and video tapes of more recent productions to reveal changes in production styles and emph I cannot recommend too highly the whole series to all theatre lovers theatregoers theatre practitioners and anybody who enjoys Shakespeare Robert Tanitch What s On in London This edition is one to which I will turn to again and again
