0 of 0 review helpful Five Stars By Customer Another have to have for a medical student 1 of 4 review helpful Not
age appropriate for the youngest readers By Diana Norton It says it is age appropriate for the youngest readers and I
disagree I wanted it for my 5 year old grandson but I m not ready for him to learn about Girls and Puberty 1 of 1

review helpf Everything You Need To Know about the Human Body by Patricia Macnair Understanding the human body is a core subject for early childhood education but it is difficult to find a comprehensive reference that is both scientifically detailed and age appropriate for the youngest readers Now the team behind Everything You Need to Know about Science brings children this fun and informative guide to all things bodily Broken into ten easy to use thematic chapter lquo T his recipe for a human features particularly clear and simple descriptions of body parts and systems and how they work Macnair presents information on each topical spread in captions and easily digestible blocks of text around a mix of bri
