collections and international I celebrate myself and sing myself and what I assume you shall assume for every atom belonging to me as good belongs to you I loaf and invite my soul
The World Encyclopedia of Submarines: An Illustrated Reference To Underwater Vessels Of The World Through History, From The Nautilus And Hunley To Modern Nuclear-Powered Submarines:

4 of 4 review helpful Excellent reference and history book on submarines By aviationitemsandmore The first part of the book contains the history of submarines and the second part is a directory of submarines from 1900-2007 There is also a two-page glossary in the back This is a really nice book however it does not include a listing of all the submarines in each class Other related books included A country by country guide to over 100 submarines from around the world About the Author John Parker a writer and journalist all his working life has authored three dozen books and published more than 75 editions worldwide in his long career including many acclaimed military and investigative projects as well as numerous high pr
