0 of 0 review helpful Great Reference Book By Love to be a Mom This book is a great reference book for basic science information We also use it as a science text book for the kids when they re kindergarten through about third grade It is well organized has great pictures and is easy for the kids to understand There are many times when I ask the

kids to pick out a book to read They'll pull this book off the shelf The e encyclopedia science pulls out all the stops to tell and show readers everything about science Packed with the very latest photographs illustrations and 3 D models and enhanced by cutting edge computer image manipulation e encyclopedia science is a comprehensive and authoritative reference work for children That's not all it is though The e encyclopedia program takes the next step in modern reference publishing by partnering with Google From School Library Journal Grade 4-9 ndash Like its companion the e encyclopedia DK 2003 this title is a product of the partnership between the publisher and Google It contains eight topical sections from Matter and Materials to Animals to the H
