6 of 6 review helpful Doesn t get there unorganized By John M The book is poorly organized it doesn t flow well I can t put my finger on it the author has a great concept but this book is not easy to use not easy to read not easy to use as a teaching tool for my kids My boys are young so they benefit from flipping thru and looking at the pics but as they get

older it won't be the reference book that we have. A perfect starting point for young readers. The First Encyclopedia is an ideal first reference book for young minds eager to learn about the world around them and an engaging way to encourage exploration and self-guided learning. With captivating full-color photographs and easy-to-read text, the book covers topics including history, geography, animals, plants, people, science, and space and makes the perfect springboard for further investigation.
