By Felicity Brooks, Fiona Chandler, Philip Clarke, Anna Claybourn, Liz Dalby, Ben Denne, Paul Dowswell, Rachel Firth : Childrens Encyclopedia: The Usborne Internet-Linked (First Encyclopedias) Childrens Encyclopedia: The Usborne Internet-Linked (First Encyclopedias):

1 of 1 review helpful Fantastic Teaching Tool By bells4dame I wish I would have bought this book sooner Like other

Usborne books it is rich in information with plenty of pictures to keep younger children interested I am using it as the basis for my World History and Science units for home schooling It includes environments animals and plants the body history and how people live science and how things work space This encyclopedia has an excellent coverage in an easy to understand language for elementary lower grades I bought it for my son who is at second grade reading level and enjoys geography and science Handy and has a good size print
