Encyclopedia of American Military History 3 volume set (Facts on File Library of American History):

From the first English settlements in North America to the present the US military has evolved from poorly trained militia formations into the world's most powerful professional military establishment. During that time the nation has fought almost every type of war from guerilla engagements to global conflicts. In many ways the US military reflects the society from which it evolved. In more recent years especially the military has also had an impact on civilian society. From School Library Journal Grade 9 Up. With more than 1200 alphabetical entries this encyclopedia provides a comprehensive and informative overview of the subject from the Colonial wars through the events of September 11, 2001. Entries include individuals over
