0 of 0 review helpful Worst excuse for a reference book I ve ever come across By Bigthumb Five years later and nothing s changed this book is still an embarrassment and Facts on File will never own up to it I need not cite any other example than this one The entry on the pioneering program Amos n Andy runs for several pages and through the entire piece Lackmann confuses Charles Correll who played First edition bound in black cloth A VG copy in a Fine dust jacket Fomer owner s name is stamped at the edges of the lower page block Mailing label attached to the upper right corner of the front endpaper Small blindstamp at the lower left corner of the dedication page From School Library Journal YA A fascinating look at the history of radio both as a source of entertainment and of news Lackman

gives synopses of hundreds of the old favorite shows from the 1920s on with airtimes short biographies of relevant personalities
