By Keith Moser : The Encyclopedic Philosophy of Michel Serres: Writing the Modern World and Anticipating the Future

The Encyclopedic Philosophy of Michel Serres: Writing the Modern World and Anticipating the Future:

1 of 1 review helpful Literary Interpretation By Jill Bemis Born in 1930 in France Michel Serres specialized in with Continental philosophy French epistemology and metalanguage Metalanguage is a set of term used for description or analysis in another language The scholarly literary review provides context and relevance for Serres rsquo philosophical work but does not contain any new research that supports or contradi This monograph represents the first comprehensive study dedicated to the interdisciplinary French philosopher Michel Serres As the title of this project unequivocally suggests Serres s prolific body of work paints a rendering portrait of what it means for a sentient being to live in the modern world This book reflects Serres s profound conviction that philosopher c est anticiper to philosophize about something is to anticipate Philosophie Magazine According
