0 of 0 review helpful A little complicated but still usable By K Dub First off the book is extremely expensive I bought this book used for 50 Second it s a good reference when studying military activities abroad The book has many countries listed with military holdings ie armamemnts and a host of other military equipment from the Air Force to the

Marines The downside of this book it can at times get a little too deta Published annually by the International Institute nbsp for Strategic Studies The Military Balance is an assessment of the military capabilities and defence economics of 169 countries world wide The book is a region by region analysis of the major military and economic trends and developments affecting security policy and the trade in weapons and other military equipment Key features of The Military Balance include
