**By Laurent TIRONE : Panzer : the German tanks encyclopedia** the panzerkampfwagen iv pzkpfw iv commonly known as the panzer iv was a german medium tank developed in the late 1930s and the panzer i was a light tank produced in germany in the 1930s the name is short for the german panzerkampfwagen i quot;armored fighting vehicle mark i quot; abbreviated Panzer : the German tanks encyclopedia:

1 of 1 review helpful Great Book for Tank lovers By Darth\_Rexor Great reference book Awesome pictures and great detailed information on every variation of the Panzers that were produced during the war The only reason why I give it

4 stars is because I feel that they could have included more prototypes I would have loved to see information on the E series tanks the Maus and the Porsche Tiger If they Included info o Designed as a comprehensive overview of German tanks produced during the Second World War this first volume of the WW2 arsenal series combines historical descriptions and accurate technical details highlighting the key features and changes introduced by the German engineers according to the battlefields experience The history of the German tanks evolution is from now on depicted in a heavily documented 192 pages book illustrated with more than 200 rare and unpublished
