Indonesia in the Pacific War (Handbook of Oriental Studies. Section 3 Southeast Asia):

0 of 0 review helpful A much needed reference to what happened in Indonesia formerly Netherlands East Indies By  
John C Waller Indonesia is a very large country in some 15 000 islands the fourth most populous country in the world  
and the most Muslims of any other country I am using the Encyclopedia as a reference document to uncover the  
information I am looking for I hope the world will see Indonesia for what it An obvious hiatus amidst the abundance  
of Pacific War studies is the story of Indonesia during that period The Encyclopedia of Indonesia in the Pacific War  
edited under the aegis of the Netherlands Institute for War Documentation now fills that gap This state of the art work  
reflects the different experiences and historiographic traditions of Indonesians Japanese and Dutch The aim is to  
present the developments in the Indonesian archipelago in as much a rat This volume brings together a fascinating  
collection of scholarly articles and primary sources complemented by a truly wonderful eye opening and extensive  
selection of photographs describing the history of WW II as it was experienced in Indonesia
